Quick Facts:

- This commercial belt seat comes in multiple colors and has metal insert for added durability and resistance against vandalism.
- Add your choice of type and length of chain to your belt swing seat.
- The plastisol coating extends 30 inches up the half coated chain and all the way up the fully coated chain.
- The chain length for the 8' high beam is 66" and the chain length for the 10' beam is 90".
- The fully coated chain includes coated s-hooks, which adds 2" to the overall length, so it measures 68" and 92".
- Chain is factory-attached to swings using galvanized s-hooks. 6" x 24" with steel insert.

Warranty:

- 1 year limited warranty
