

Rover Jump Over

BYO-PE-1130

Dimensions: 78"L x 43"D x 30.38"H

Quick Facts:

- The Rover Jump Over is an adjustable dog jump bar challenge allowing easy height changes as a dog's confidence and precision increases.
- The height can adjust simply by moving the bar to higher notches in the frame.
- The adjustable design allows the bar to automatically lower if struck. Mounts in-ground.
- Dog jump rod can be placed at heights of 9 1/4", 14 3/8" or 19 1/2".
- Panel Coating: Oven fused functionalized polyethylene copolymer-based thermoplastic. Fluidized bed coating application with superior mechanical performance, impact resistance and UV-stability.

Warranty:

- Limited 1-year warranty on all products.
